

Government Lohia College ,Churu (Rajasthan)

M.Sc. (FINAL) CHEMISTRY SEMINAR 2021-2022

Seminar was organized by the department of chemistry in session 2021-22 in which the following students participated

Sr.No.	Student's Name	Topic
1	AJAY SINGH RATHORE	Schrodinger Equation and its significance
2	RANJANA GIRI	Morphine
3	RENU SHARMA	Steroid Hormone
4	SUNITA KUMARI	DNA Polymerisation Replication of DNA
5.	VANDANA KUMARI	Kinetic Enzyme
6	ANNU	Mossbauer Spectroscopy
7	BALRAM BHAMBHI	Organometallic Compound
8	DEEPTI MISHRA	Oxidation of Alkenes
9	DHAPU JAT	Bioenergetics and ATP Cycle
10	JYOTI JOSHI	Nucleic Acid
11	JYOTI MEENA	Determination of reaction mechanism
12	KOMAL JANGIR	Woodward Feiser Rule in UV Spectroscopy
13	MANJIT SINGH	Heterocyclic Compounds
14	MAMTA SAINI	Porphyrin
15	MANISHA BAGRI	Sigmatropic Rearrangement
16	MOHAMMED SAMEER	Resonance
17	MONIKA PRAJAPAT	Terpenoids
18	NISHA NIMEL	UV Spectroscopy and change in spectral band
19	ORMATA KUMARI	Favorskii Rearrangement
20	POONAM KUMARI	Protein
21	SEEMA SAINI	Chemical Shift in NMR Spectroscopy
22	TOYESH HARITWAL	Photochemistry
23	USHA	Metal ions in Biological system
24	VIKRAM KUMAR	Pinacol to pinacolone Rearrangement
